

Ningbo Yinzhou Walsun Machinery Factory

Ningbo Yinzhou Walsun Machinery Factory is a professional manufacturer of logistics handling equipment. Our main products are manual electric hydraulic pallet trucks ,Manual electric table trucks, stackers, ect. For many years, in line with the concept of quality management, it has invested a large amount of money to [hand hydraulic stacker](#) add various imported equipment. Our factory has imported four-axis linkage processing center for manufacturing high-precision mechanical parts; four fully automatic CO2 welding robots; the latest introduction of [pallet truck](#) automatic laser welding machine; especially imported processing centers for main components such as oil pump valves, which ensures the stability of products, and uses various automation equipment to carry out various tests on oil pumps and finished products.

WAREHOUSE HANDLING

Industrial handling vehicles are widely used in ports, stations, airports, freight yards, factory workshops, warehouses, circulation centers and distribution centers, etc., to carry out pallet cargo loading and unloading and handling operations in cabins, carriages and containers. It is essential for pallet transportation and container transportation. Indispensable equipment.
